

All of The hearts <sup>are</sup> ungree  
suddenly thrown out to sea  
the bodies laying  
in pure misery.

How will <sup>we</sup> fake our glee?  
don't help us, or ~~me~~ you or me  
as swapping clothes can help,  
If caught your heart would melt.  
catching disease when catching ~~it~~ <sup>it</sup> ~~walks~~ <sup>walks</sup>  
Mother put their child first so don't ~~walk~~ <sup>crave</sup>

How could we ever escape?  
only after we die caught on videotape  
laughed at and called names  
pulling up their guns after a bad aim.

How will we fake our glee?  
don't help us or you or me  
All of the hearts are ungree  
suddenly thrown out to sea  
when the bodies laying  
in pure misery.

Mistreated heart by  
Lauren Pritchard

As swapping clothes can help  
if caught your heart would melt.  
Catching diseases when riding walks  
Mother put her child first so don't crave.

How could we ever escape?  
only after we die caught on videotape  
laughed at and called names,  
Putting down their guns after a bad aim.
